This notice describes how health information about you (as a patient of Blue Mountain Clinic Family Practice) may be used and disclosed and how you can get access to your individually identifiable health information.

Please review this notice carefully.

A. Our commitment to your privacy:

Our practice is dedicated to maintaining the privacy of your individually identifiable health information (also called *protected* health information, or PHI). In conducting our business, we will create records regarding you and the treatment and services we provide to you. We are required by law to maintain the confidentiality of health information that identifies you. We also are required by law to provide you with this notice of our legal duties and the privacy practices that we maintain in our practice concerning your PHI. By federal and state law, we must follow the terms of the Notice of Privacy Practices that we have in effect at the time.

We realize that these laws are complicated, but we must provide you with the following important information:

- How we may use and disclose your PHI,
- Your privacy rights in your PHI,
- Our obligations concerning the use and disclosure of your PHI

The terms of this notice apply to all records containing your PHI that are created or retained by our practice. We reserve the right to revise or amend this Notice of Privacy Practices. Any revision or amendment to this notice will be effective for all of your records that our practice has created or maintained in the past, and for any of your records that we may create or maintain in the future. Our practice will post a copy of our current Notice in our offices in a visible location at all times, and you may request a copy of our most current Notice at any time.

B. We may use and disclose your PHI in the following ways:

The following categories describe the different ways in which we may use and disclose your PHI. Unless otherwise noted, each of these uses and disclosures may be made without your written permission. For each category of uses and disclosures we will explain what we mean and try to give examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of these categories.

- **1. Treatment.** Our practice may use your PHI to treat you. For example, we may ask you to have laboratory tests (such as blood or urine tests), and we may use the results to help us reach a diagnosis. We might use your PHI in order to write a prescription for you, or we might disclose your PHI to a pharmacy when we order a prescription for you. We may disclose your PHI to doctors, nurses, technicians, health students who work at Blue Mountain Clinic, or other personnel involved in taking care of you. Additionally, we may disclose your PHI to others who may assist in your care, such as your spouse, children or parents. Finally, we may also disclose your PHI to other health care providers to whom we may refer you for consultation (such as x-rays or Physical Therapy) for purposes related to your treatment.
- **2. Payment.** Our practice may use and disclose your PHI in order to bill and collect payment for the services and items you may receive from us. For example, we may contact your health insurer to certify that you are eligible for benefits (and for what range of benefits), and we may provide your insurer with details regarding your treatment to determine if your insurer will cover, or pay for, your treatment. We also may use and disclose your PHI to obtain payment from third parties that may be responsible for such costs, such as family members. Also, we may use your PHI to bill you directly for services and items. We may disclose your PHI to other health care providers that we have referred you to, and other entities to assist in their billing and collection efforts.
- **3. Health care operations.** Our practice may use and disclose your PHI for operations of our health care practice. These uses and disclosures are necessary to run our practice and make sure that all of our patients receive quality care. For example, we may use your PHI to review our treatment and services in order to evaluate the performance of our staff in caring for you. We may also combine PHI about many patients to decide what additional services we should offer, what services are not needed, whether certain new treatments are effective, or to compare how we are doing with others to determine where we need to make improvements. We will remove any personal information that identifies you from this set of PHI.
- **4. Appointment reminders.** Our practice may use and disclose your PHI to contact you and remind you of an appointment.
- **5. Release of information to family/friends.** Our practice may release your PHI to a friend or family member that is involved in your care, or who assists in taking care of you. Your rights regarding your PHI:

You have the following rights regarding the PHI that we maintain about you:

- **Confidential communications.** You have the right to request that our practice communicate with you about your health and related issues in a particular manner or at a certain location. For instance, you may ask that we contact you at home, rather than work. In order to request a type of confidential communication, you must make a written request to Annie Hansen, Privacy Officer, specifying the requested method of contact, or the location where you wish to be contacted. Our practice will accommodate **reasonable** requests. You do not need to give a reason for your request.
- **2. Requesting restrictions.** You have the right to request a restriction in our use or disclosure of your PHI for treatment, payment or health care operations. Additionally, you have the right to request that we restrict our disclosure of your PHI to only certain individuals involved in your care, (such as asking that we restrict a specific nurse from use of your information) or the payment for your care, such as family members and friends. **We are not required to agree to your request**; however, if we do agree, we are bound by our agreement except when otherwise required by law, in emergencies or when the information is necessary to treat you. In order to request a restriction in our use or disclosure of your PHI, you must make your request in writing to Annie Hansen, Privacy Officer. Your request must describe in a clear and concise fashion:
 - The information you wish restricted,
 - Whether you are requesting to limit our practice's use, disclosure or both,
 - To whom you want the limits to apply.
- **3. Inspection and copies.** You have the right to inspect and obtain a copy of the PHI that may be used to make decisions about you, including patient medical records and billing records, but not including psychotherapy notes. You must submit your request in writing to Annie Hansen, Privacy Officer in order to inspect and/or obtain a copy of your PHI. Our practice may charge a fee for the costs of copying, mailing, labor and supplies associated with your request. Our practice may deny your request to inspect and/or copy in certain limited circumstances; however, you may request a review of our denial. Another licensed health care professional chosen by us will conduct reviews.
- **4. Amendment.** You may ask us to amend your health information if you believe it is incorrect or incomplete, and you may request an amendment for as long as the information is kept by or for our practice. To request an amendment, your request must be made in writing and submitted to Annie Hansen, Privacy Officer. You must provide us with a reason that supports your request for amendment. Our practice will deny your request if you fail to submit your request (and the reason supporting your request) in writing. In addition we may deny your request if you ask us to amend information that is in our opinion:
 - accurate and complete;
 - not part of the PHI kept by or for the practice;
 - not part of the PHI which you would be permitted to inspect and copy; or
 - not created by our practice, unless the individual or entity that created the information is no longer available to amend the information.

- **5. Accounting of disclosures.** All of our patients have the right to request an "accounting of disclosures." An "accounting of disclosures" is a list of certain non-routine disclosures our practice has made of your PHI for purposes not related to treatment, payment or operations. Use of your PHI as part of the routine patient care in our practice is not required to be documented – for example, the doctor sharing information with the nurse; or the billing department using your information to file your insurance claim. In order to obtain an accounting of disclosures, you must submit your request in writing to Annie Hansen, Privacy Officer. All requests for an "accounting of disclosures" must state a time period, which may not be longer than six (6) years from the date of disclosure and may not include dates before April 14, 2003. The first list you request within a 12-month period is free of charge, but our practice may charge you for additional lists within the same 12-month period. Our practice will notify you of the costs involved with additional requests, and you may withdraw your request before you incur any costs.
- **6. Right to a paper copy of this notice.** You are entitled to receive a paper copy of our notice of privacy practices. You may ask us to give you a copy of this notice at any time.
- **7. Right to file a complaint.** If you believe your privacy rights have been violated, you may file a complaint with our practice or with the Secretary of the Department of Health and Human Services. To file a complaint with our practice, contact Annie Hansen, Privacy Officer. All complaints must be submitted in writing. **You will not be penalized for filing a complaint.**
- **8. Right to provide an authorization for other uses and disclosures.** Our practice will obtain your written authorization for uses and disclosures that are not identified by this notice or permitted by applicable law. Any authorization you provide to us regarding the use and disclosure of your PHI may be revoked at any time *in writing*. After you revoke your authorization, we will no longer use or disclose your PHI for the reasons described in the authorization. *Please note:* we are required to retain records of your care.
